

Catch the wave!

Learn Italian whilst discovering the island of Sardinia! Three language schools have joined forces to offer you the best in Italian language and in the inspiring diversity of the island that's "almost a continent": Medieval **Alghero** with its Catalan identity, the culture-laden Sardinian capital, **Cagliari** and the famous jewel of the Emerald Coast, **Olbia**, all await to welcome you.

Improve your Italian, indulge in breath-taking scenery and expand your horizon!

The map shows the island of Sardinia with three locations marked: Olbia (top right), Alghero (middle left), and Cagliari (bottom center). Each location is associated with a school logo and a list of activities. Wave illustrations are placed around the island's coastline.
